Supporting Lives, Empowering Independence

## Our Mission

We strive to build a world where everyone, regardless of their mental, sensory, or physical challenges, can lead an independent, meaningful, and dignified life with the right support.

## WHAT IS SUPPORTED LIVING

Supported living enables adults with support needs to live in their own home with the help they need to be independent.

It allows them to choose:

- where they want to live
- who with
- how they want to be supported
- what happens in their own home.

Supported living has a lot of overlap with housing with care but is typically considered separately.

People in supported living have their own tenancy agreement and are responsible for their own bills and cost of living. The personal care and accommodation parts of supported living are covered by separate agreements. To help cover costs individuals may be entitled to a range of benefits such as the housing benefit part of Universal Credit, Personal Independence Payments (PIP, up to state pension age only), Employment and Support Allowance (ESA, up to state pension age only) and Attendance Allowance (AA). Grants to adapt a property may also be available.

The cost of some or all a person's care and support may be available through the local authority or sometimes via NHS funding. We currently accept these types of funding and from individuals that receives direct payment.

## Who We Support

We offer tailored support for individuals aged 18 and above, including:

- **Mental Health Challenges:**
  - Anxiety and depression
  - Bipolar disorder
  - Schizophrenia
  - PTSD
  - Personality disorders
- **Sensory Impairments:**
  - Visual impairment
  - Hearing loss
  - Dual sensory loss
- **Physical Disabilities:**
  - Mobility challenges
  - Neurological conditions (e.g., MS, cerebral palsy)
  - Chronic health conditions requiring ongoing care

# OUR SERVICES

## 1. Person-Centered Care and Support Plans

Every individual is unique. Our dedicated team develops bespoke care plans that cater to each resident's specific needs, aspirations, and preferences.

## 2. Accessible Housing

We work with housing associations and private landlords to source the bespoke accommodations appropriate and adequate for the care needs of individuals. In addition, individuals don't have to worry about sorting their benefits out. The housing associations, private landlords, advocates and organizations we work in collaboration with supports to accessing the right and adequate benefits they are entitled that will enable them live a worry-free life, thus promoting their independence.

## 3. Comprehensive Support

Our staff are available 24/7 to provide:

- Assistance with daily living activities
- Emotional support and companionship
- Help with mobility and adaptive equipment
- Help with accessing the benefits our individuals are entitled to as a result we have partnered with Vision 2020 Hub in Hucknall to provide these services.

## 4. Skills Development and Independence

We promote independence by teaching valuable life skills, including:

- Meal preparation
- Personal budgeting
- Benefits claims and Advice
- Maximizing your income
- Support with daily expenditures
- Support with managing bills etc.
- Using assistive technologies
- Communication techniques (e.g., sign language support)

## 5. Inclusive Community Integration

We help residents engage with their communities by supporting social activities, employment opportunities, and volunteering, while ensuring accessibility for all

## 6. Specialized Health Management

Our team works in collaboration with healthcare providers to ensure seamless management of mental health, sensory impairments, and physical disabilities, including access to therapies and rehabilitation.

## 7. Specialised Trainings for staff

Our team comprises of personnels with wealth of experience in supporting people with Mental Health conditions. Also, our team are well and adequately trained in PBS (Positive Behavioural support), MAPA (Safety Intervention), Moving and Handling, First Aid, Basic Life Support, Medication Management, and Safeguarding Adults to support various care needs of the people we support.

## WHY CHOOSE LYRIQ HEALTHCARE LTD SUPPORTED LIVING SCHEME?

- **Expert Team:** Skilled professionals trained in mental health, sensory impairments, physical disabilities, Management of Actual or Potential Aggression, and Positive Behavioural Support, Medication Management, First Aid,
- **Housing Support:** Although the care package is separated from the accommodation contract agreement, we work together with the housing association to source accommodation that matches the need of the person. As this provides assurance and value for money in terms of repair and good management of their homes. We ensure the tenancy agreement gives certain rights to both us and the landlord. The agreement will contain details of the landlord's obligation to repair the property. For many people who want to live independently, getting the right care and support is just as important as securing the right home.
- **Inclusive Environment:** Fully accessible spaces designed to accommodate a range of needs. We do work together with both housing associations and private landlords to provide accommodations that suits the needs of the people we support.

- **We maintain Reach Standards:**

It is about the human rights of all, and it is our duty as a healthcare provider to ensure the REACH standards are met such as;

I choose my friends and my relationship

I choose how I am part of the community.

I get help to make changes in my life

I Choose who supports me and how I am supported

I Choose how to be healthy and safe

I choose who I live with and where I live

I choose my own home with a tenancy/ownership.

I Choose how to be part of my community and have the same rights and responsibilities as others.

- **Holistic Approach:**

Addressing emotional, physical, and social well-being.

- **Adaptive Support:**

Whether short-term or long-term, our services evolve with everyone's needs.

# OUR TESTIMONIAL

## FAMILY MEMBER

"Lyriq Healthcare's tailored approach has helped my mother regain her confidence after her visual impairment worsened."

## SERVICE USER

"The accessibility features in the home and the patient support staff make living with my disability easier and more enjoyable."

## MR NICHOLAS LUDER

We have hired three times via [childcare.co.uk](https://childcare.co.uk) and always had good experiences. It is a simple, easy to use website with clear navigation. The price of gold membership is reasonable given the depth of candidates available

## JULIUS

It's just easy and straightforward to use. Nannies get in touch or you can reach out to them directly unlike the other platforms that stop you from reviewing nannies' profiles.
